

RAILROAD IS NOW A CERTAINTY

W. J. Barnett Returns From a Business Trip East.

Attorney Declares That Line Will Surely Come to Oakland.

SAN FRANCISCO, May 18.—Attorney W. J. Barnett, who went East a month ago to interest capitalists in building the Western Pacific Railway from this city to Salt Lake, has returned. In an interview he said: "The building of the road is now an absolute certainty."

"Construction will be rapidly pushed and the road will be completed from Salt Lake to the coast as expeditiously as possible. The rumor that the Western Pacific is interested in the construction of the Midland Pacific from Bakersfield to the ocean is a matter which I will neither deny nor confirm."

It is rumored that George Gould is back of the Western Pacific project. The Western Pacific was denied a terminus in this city at the last session of the Legislature for the reason that little was divulged regarding its plans.

Recently activity in the construction of the Midland Pacific in San Luis Obispo gave rise to the rumor that the Western Pacific had taken over that road in order to reach the sea coast. It is stated, however, that renewed efforts to secure a terminus in this city will be made.

It is further stated that the Western Pacific is endeavoring to secure the Sacramento fair grounds for railroad yards.

The Western company has a franchise along third street in Oakland.

ON TRIAL FOR MURDER. SAN JOSE, Cal., May 18.—Lee Look is again on trial for the murder of Lee Wing. He was once convicted and sentenced to death, but the Supreme Court found an error in the information. The work of impeaching a jury is now progressing.

TRANSIT COMPANY TO EXTEND ITS LINES.

The Oakland Transit Consolidated wants to extend its lines outside the limits of Oakland, and with this purpose in view, this morning asked for a franchise for fifty years over the following streets and roads:

Beginning at the intersection of Alcatraz avenue, which is also known as the County Road, within the eastern limits of Oakland and running thence on Alcatraz avenue to College avenue to Berkeley.

Also, commencing on Pleasant Valley avenue and eastern boundary of Oakland, and running easterly on Pleasant Valley avenue to private right of way to a point on Vernal avenue, thence to Magnolia avenue, thence to a point 200 feet easterly of the point of intersection on the center line of said Magnolia avenue with the center line of Vernal avenue.

Also, commencing at the intersection of the old County Road with the eastern boundary of Oakland and running on said old County Road north-easterly, easterly and southeasterly to Lese avenue, and thence on private right of way to lot 13 in Bond tract, Glen avenue, thence to lot 11 of the same tract, thence northeasterly to Over street in Alameda, thence to Penniman avenue.

The request was referred to the Road, Bridge and Franchise Committee.

TROUBLE WITH CARMEN.

COMPANY TRIES TO RUN CARS IN SPIKE OF STRIKERS.

BRIDGEPORT, Conn., May 18.—In view of yesterday's serious rioting, the officers of the Connecticut Railway and Lighting Company made no effort to start cars on their lines in this city today, preferring to wait until the question of police protection was decided.

To consider this matter, a meeting of the Police Commissioners was held this morning. Mayor Mulvihill will interfere with the company's efforts to run cars in spite of the strikers.

TURKISH OFFICIALS OBSERVE RESERVE.

CONSTANTINOPLE, May 18.—Turkish officials observe much reserve regarding the details of the fighting which occurred during the advance of the Turkish troops in Ipek, Albania, which was occupied May 15. Several hundred Albanians are reported to have been killed or wounded. Albanians, it is declared, have telegraphed to the Sultan, announcing their submission and expressing their fidelity and readiness to accept the measures necessary for the pacification of Albania.

Russian Ambassador Explains the Trouble in His Land.

Says That Ozar Does not Discriminate Against Hebrews.

WASHINGTON, May 18.—Joint Cassini, the Russian Ambassador, in a conversation with a correspondent of the Associated Press relative to Jewish troubles in Russia said:

"There is in Russia an anti-Jewish feeling against certain of the Jews. The reason for this attitude is that the Jews will not work in the fields or engage in agriculture. They prefer to be money lenders. Give a Jew a couple of dollars and he becomes a banker and money lender. In this capacity he takes advantage of the Russian peasant, whom he soon has in his power and ultimately destroys."

"The situation in Russia, so far as the Jews are concerned is this: 'It is the peasant against the money lender and not the Russians against the Jews. There is no feeling against the Jew in Russia because of religion. There are many good Jews in Russia and they are respected. Jewish genius is appreciated in Russia and the Jews are honestly honored.'

"The Russian government affords the same protection to the Jews that it does to any of its citizens and when riot occurs and Jews are attacked the officials take steps to apprehend those who began the riot and visit severe punishment on them. In the past, Russians have been punished severely for attacks upon Jews, but notwithstanding these conflicts, Jews continue to do the very things which have been responsible for the troubles which involve them."

"The Russian readily assimilates with the people of all other races and he cannot assimilate with the Jew, it is apparent that the fault must lay with the Jew and not with the Russian."

PURIFYING CITY'S POLITICS.

SAN JUAN, P. R., May 18.—Mayor Robert R. Todd is continuing the purifying process in municipal politics by wholesale discharges of city officials. Last week he dismissed five men because it was learned in the case of four of them, all laborers, that they had served terms in prison. The fifth refused to prove his capacity to remain in the health department by undergoing an examination. Mayor Todd said today:

"I propose to reduce the city payroll by cutting off 20 to 25 names very soon. They can be spared and while I am mayor, I propose to practice wise economy. Governor Hunt has put me here to serve the people and not the politicians and I shall do my duty."

The Republican who are in control of municipal affairs, are displeased by the attitude of Mayor Todd, who is a Republican and the Federalists applaud his independent stand.

FUNERAL OF SYBIL SANDERSON HELD IN PARIS.

PARIS, May 18.—The funeral of Sybil Sanderson took place today at the Church of St. Honore D'Eylau and was largely attended by representatives of the operatic and theatrical world, including M. Mouliet, M. Delmas, Mlle. Jeanne Granier and M. Eugene Mailland, operatic artists; Sir Henry Austin Lee, of the British embassy; Admiral and Mrs. De Donqui Peres, representatives of the United States embassy and many members of the American colony.

President Roosevelt arrived here at 10:45 o'clock, having met his party at Bridal Veil Falls. He expresses himself as more than pleased with his trip and said the Yosemite cannot be equalled in the world. He looks much refreshed and is feeling in fine spirits. The famous Tom Gordon handled the lines on the stage out of the valley and made a record-breaking trip. All of the party, including Governor Pardee, said they were more than delighted with the trip and that Yosemite never looked more attractive.

Professor Muir returned with the President, Rangers Leidg and Leonard having been left to look out for the horses and camp outfit, which the President had on his mountain trip. The President left here promptly at noon. He will reach Raymond, where his special train awaits him, at 6 p. m. The President expressed himself as hoping to return at some future time and spend three weeks instead of three days in the valley.

GREECE'S GREATEST ACTOR TRAINMEN MEET IN DENVER.

NEW YORK, May 18.—Tavulari, Greece's greatest actor and chief tragedian of the King's own theater, is in this country on a visit. The great tragedian plays mainly Shakespearean roles and he is an enthusiastic worshipper of the great English poet. He will give some exhibitions of his powers while here, and may return later with a Greek company.

TWO MEN UNDER TRYING TO END ARREST. STRIKE.

THEY MAY KNOW SOMETHING ABOUT THE DEATH OF A BROKER. ARBITRATORS ARE HOLDING A MEETING IN DENVER.

DENVER, Colo., May 18.—The State Board of Arbitration and committees from the Chamber of Commerce and the Allied Printing Trades continue their efforts today to bring about an agreement between the Citizens' Alliance and the labor unions, but apparently very little prospect of adjusting matters as the general committee of organized labor adheres to its determination not to recognize the alliance. The number of strikers today is estimated to be 6,930 by the Labor Committee.

Building trades men have been ordered to stop work today and the general executive committee of labor estimates that 1,000 men are involved. The cause is lack of material. Lumber yards are tied up and unions refuse to handle the little material that is delivered by non-union teamsters or wagons from the yards affected by the strike. The committee estimates that 80 per cent. or 3,200 building laborers will be out tomorrow. Those with those already on strike or locked out will aggregate 10,265. At noon there were 8,055 people out.

Important Matters to Come Before National Convention.

Wages Are Increased and Only One Strike is Pending.

DENVER, Colo., May 18.—The National Brotherhood of Railroad Trainmen met in convention at Coliseum Hall in this city, at 9 o'clock a. m. Between six and seven hundred delegates were present when Grand Master Morrissey rapped for order.

The sessions of the convention are private and it is expected they will continue over two weeks. The time today was taken up in organizing.

The trainmen have been put to considerable inconvenience on account of the refusal of the striking draymen to haul their baggage from the depot, but it was announced that this matter would be adjusted this afternoon and that the brotherhood would then get their trunks.

Grand Master P. H. Morrissey, in speaking of the convention, said: "The sessions will all be executive and will be devoted to considering the business of the organization for the past two years, revising the ritual, the selection of a city for the next convention, the election of officers, etc. The affairs of the order are very prosperous at present and we have about 50,000 members."

"We have been very successful in the past two years, increasing the wages of our men and we have now only one strike in progress. This is on the Mobile and Ohio, which has been on for about a week. There are now 1-1/2 more lodges than when we met at Milwaukee two years ago, and therefore, 500 more delegates."

One question which will come before the convention is that of building a \$250,000 home for disabled members. It is expected that a committee will be appointed to obtain offers of sites and inducements from cities wishing the home.

Denver is understood to be strongly favored by a great many of the delegates.

AMERICAN UNITARIANS. BOSTON, Mass., May 18.—With a program covering seven days, the American Unitarian Association began its anniversary week here today. The convention will close on Saturday with a general observance by all the Unitarian churches of the one hundredth anniversary of the birth of Ralph Waldo Emerson.

LIGHT GIVEN BY HE WILL GO EAST AS A GOOD NEWS ABOUT THE ORDER WANT NATIONAL THEATRE.

THE HUMAN BODY.

DELEGATE.

Invisible to Superior,
Visible to Lower
Animals.

Accidental Discovery In
the University of
Pennsylvania.

NEW YORK, May 18.—Rays of light emanating from the human body and visible to the eyes of some of the lower animals form the interesting scientific discovery announced as having been made by accident by Professor A. W. Goodspeed of the Randal Morgan Laboratory of Physics of the University of Pennsylvania.

Divested of its technical terms, the discovery of Professor Goodspeed means that the rays of light shed from a living human body may have sufficient intensity, although invisible to the human eye, to produce a picture on a plate properly sensitized and in a room pitch dark.

The discovery was made while X-ray photographs were being taken. While an iron tripod stand with a ring-shaped top as a support for a photographic plate was being used, it was observed that the plate, when exposed to the rays, was affected by the iron ring below. Puzzled at this seeming departure from the rules, the operator attempted to discover the cause. In so doing some of his assistants placed his hand below the plate. The result was an imperfect radiogram of the bones of the human hand, like those obtained from the Roentgen rays when experimentation in that line was in its first stages.

It was so entirely new that Professor Goodspeed was perplexed. He tried again and again. Every time a human hand was placed within the proper focus, the same amazing phenomena followed. The experiments were continued for three months and the conclusion of Professor Goodspeed was not announced until he had satisfied himself beyond all question of the correctness of his results.

JOHN C. WALLING.
(Photo Webster.)

John C. Walling is one of the delegates to the General Synod Evangelical Lutheran Church in the United States, which meets at Baltimore, Md., on June 3 next. There are only two delegates from California, the other being Dr. G. G. Bennett of San Francisco.

Mr. Walling is well known in Oakland, where, for the past eight years, he has been the local manager for the piano house of Sherman, Clay & Co. He has shown himself to possess every qualification necessary to successfully fill the responsible position which he holds.

Mr. Walling is also choir director of the First Lutheran Church, and possesses an excellent baritone voice. During his trip East he will visit all the principal Eastern cities and will be absent about a month.

THE OAKLAND POSTOFFICE.

IT HAS BEEN RAISED TO A
FIRST CLASS OFFICE.

News has been received from Washington to the effect that the postoffice in this city has been raised to first-class on account of the increased population of Oakland.

This is news which will be appreciated, not alone by the attaches of the office, but also by the residents and business people of this city.

It is an endorsement of the census taken in December last, at the instance of Postmaster T. D. Dargie, by the City Council of Oakland, which gave this city a population of 32,155.

This enumeration was subsequently adopted as the official population of this city by the State of California.

After the State endorsement the enumeration was officially certified to the Postal Department at Washington and the telegram from there setting forth the fact that the local postoffice has been raised to the highest class is evidence that the Federal Government has recognized the enumeration made in this city.

As a consequence the salary of letter-carriers who have served two years or over will be increased from \$360 to \$1,000 a year. This is a raise which will be appreciated and which is well deserved, because the members of the force for some time have been working unusually hard on account of the smallness of the numbers to cover a territory in a period of eight hours which ought to be covered by a force enlarged by a dozen men.

The increased wages, it is expected, will date from July 1. This advance in salary of the men, there is little doubt that the Postal Department will also grant an increase in the letter-carrier force of about twelve men, which number has been asked for by Postmaster Dargie as the lowest number which will adequately cover the business district now included within the city limits.

This means better mail service, not only in the outgoing districts, but also in the delivery section, a fact which will be greatly appreciated by the merchants in this city.

It does not mean, however, any increase in the salary of the Postmaster. The salary in this instance was taken by Postmaster Dargie, with the commendation of local business men, the City Council and the endorsement and assistance of Congressman McCall and the hearty encouragement of James W. R. win, the well-known assistant superintendent of the free mail delivery system of the United States on the Pacific Coast and the adjoining interior. The good news is appreciated by everybody in Oakland.

WILL REPRESENT THE ORDER WANT NATIONAL THEATRE.

OF FORESTERS.

HIRAM A. LUTTRELL.

Hiram A. Luttrell of this city was elected a Supreme Representative of the Grand Lodge of American Foresters at the late session of delegates held at Santa Cruz.

The national council, to which Mr. Luttrell is sent, meets at Providence, Rhode Island, in August next, and will be in session one week.

The election of an Oakland delegate to represent the State of California at the election of an Oakland delegate to represent the State of California usually large is considered a great victory for Mr. Luttrell, as San Francisco usually controls one-third of the convention only by a combination with Los Angeles, can capture the convention, which is usually the case in the matter of the election of a supreme officer. Mr. Luttrell is elected for two years.

The Foresters number among their members some of the foremost men of the State. They comprise 250,000 in the United States, and 22,000 in California. They form a purely benevolent order, the history of which runs back to the days of Robin Hood.

JOE JEFFERSON OFFERS WORDS
OF ADVICE TO FRIENDS OF
PROJECT.

NEW YORK, May 18.—A meeting on the furtherance of the plan for the establishment of a National Art Theatre was held last night in the Garrick Theatre. Joseph Jefferson made the principal address in the course of which he said that while he was in favor of an endowed theatre, there were many problems to be solved. "I believe," said Mr. Jefferson, "it is much better to call attention to the stumbling blocks before the project is under way than after. Forewarned is forearmed. The people who subsidize the theatre will be very exacting in their demands of the actors, and very critical. The authors will be severely criticized. If a theatre can be established with a saving of rent and a continued subsidy, it is sure to be a success. It will be able to present more finely the drama. The drama is better than ever, today. Not only commercially but artistically and it is better acted. It is far better represented than ever."

IDORA PARK IS A SUCCESS.

The opening of Idora Park last Saturday night was a pronounced success. It was followed up yesterday by two sessions, afternoon and night, which were attended by thousands of people.

This afternoon there was another immense gathering of pleasure-seekers and this evening the park will have still another throng who are desirous of availing themselves of the opportunity afforded by the management to the people of this county of passing an afternoon or evening in attendance upon performances which are artistic, entertaining and instructive and which, at the same time, are given at popular prices. This is the first time that Oakland has enjoyed a respite on the same scale of excellence as the Chutes of San Francisco. There is every reason why the enterprise should be well appreciated, first because of the excellence of the program, next because of the reasonableness of the prices of admission, and finally, because of the fact that the entertainment on this side of the bay saves the expense incurred and the loss of time occasioned by a trip to the furthest limits of San Francisco. The price of admission is only 10 cents.

CHANGES WHICH ARE TO BE
DISCUSSED AMONG CIVIC
SOCIETIES.

CHICAGO, May 18.—Arbitration Boards, Employers' Associations and Labor Commissioners were denounced in the Chicago Federation of Labor last night as being "snarles, humbugs and industrial pitfalls, designed to crush labor."

The members of the central body were indignant at the recent decision of the Chicago Board of Arbitration, which is composed of seven teamsters and seven employers, in the gas strike hearing. The board's finding was declared to be "unjust and detestable." The delegates refused to accept the board's finding as final and decided to ask all the unions of the city to bar out of the labor world hereafter "all self-constituted arbitration boards."

It was agreed that a substitute must be found and the Executive Board of the Federation was suggested.

The scientists who are trying to discover the cause of "cat fever" ought to pursue their investigation further and find out what gives Mr. Bryan gooseflesh every time he hears Grover Cleveland's name.—Denver Republican.

ATIAN FLAG.

VIENNA, May 18.—In the course of recent demonstration at Kreuz, Croatia, the Croats, according to late advices, invaded a castle belonging to a land owner named Fodorcz, whom they seized and carried in triumph to a church where they compelled him to swear that he would henceforth display the Croatian flag over his castle and vote against the government. The Croats also extorted a signed and stamped engagement from Mr. Fodorcz that he would make no claim for indemnity for the damage done to his castle.

INFORMATION WANTED
OF MISSING MEN.

Mayor Olney has received two inquiries from persons concerning missing relatives as follows:

"DANVILLE, Virginia, May 9, 1908.
"To the Mayor—Dear Sir: Please write me if you know anything of David G. Bolssau. He is my brother and I have not heard from him in years. Yours very truly,
E. H. BOISSEAU."

The other letter of inquiry is as follows:
"SAVANNAH, Ga., May 9, 1908.
"Hon. the Mayor, Oakland, Cal.—Sir: I am trying to locate my son, Fred E. Behnken, who was lately mustered out at the Presidio barracks, San Francisco, on April 12, since which time I have heard nothing from him, as he wired he would be home April 20. Thinking probably that he may be in your city, would you kindly turn this letter over to your Chief of Police to ascertain if such party is in your locality. His mother is very much worried about him. He was in the Eleventh U. S. Cavalry. Any information that you may get for me will be greatly appreciated by his mother and father. Thanking you in advance for your kindness, I remain, yours respectfully,
W. E. BEHNKEN."

TORONTO STREET CAR MEN
WANT THEIR UNION TO BE
RECOGNIZED.

TORONTO, Ont., May 18.—After three weeks of practically fruitless negotiations, matters now appear ripe for another strike on the Toronto Street Railway. The company was flatly refused the men's demands for 25 cents an hour and a Grievance Committee, though certain minor points were conceded. The men are determined on the Grievance Committee or some form of recognition of their union and trouble seems inevitable. The men will present a final ultimatum to the company today, and a strike may be precipitated at any time.

AUTOMOBILE
RUNS IN LAKE.

CHICAGO, May 18.—With brakes which failed to work, a gasoline runabout owned and occupied by Dr. A. K. Lowen, dashed down a steep hill at Ninety-fifth street last night and plunged into Lake Michigan.

For twenty or more feet it skidded the surface of the water and then, losing its impetus, began to plow below. When it came to a stop it was forty feet out from the shore and was resting on the lake's bottom at a point where the water was eight feet deep. Dr. Lowen clambered to the seat and with head barely out of the water cried for help. A rope was thrown to him and the physician and his machine were dragged to the shore.

The automobile was found to be practically ruined.

PLEASURE SEEKERS BECOME A
MOB AND ASSAULT THE
POLICEMEN

NEW YORK, May 18.—Rowdies held up a train returning from Coney Island yesterday, terrorized the passengers by fighting and cursing, and assaulted train men and the policemen who went to stop the trouble. One policeman had his nose broken and others had hats crushed and uniforms torn before the excitement was quelled. Eight men were finally landed in cells at the Bath Beach station and were held for a hearing.

When the train left Coney Island five cars were jammed to the doors. The crowd was hilarious and all semblance of order soon disappeared.

Stopping the train between stations, the conductor ordered the motorman of the train to blow the whistle without ceasing and to run the train ahead until Bath Beach was reached. This was the police station.

When the train reached the Bath Beach station, Captain Cullen, Sergeant Rader and a number of policemen were waiting there. Captain Cullen sent half of his men with the sergeant into the car and the other half to the platform.

They considered the ringleaders and rush them through the windows of the cars, where they would be caught by the captain and his other men.

Then followed a fierce battle. Roundman Nugent had just seized one man, who had been thrust east, when another landed on his back. The fellow began to pummel Nugent's face. He caught the policeman's club and with it a muck the roundman repeatedly. The man had Nugent down and was belaboring him when the captain went to the policeman's aid. When it was over Nugent's uniform and hat were ruined and his nose was broken.

All the prisoners were held on charges of disorderly conduct. The man who had beaten Nugent and he was held for assault.

CADET CORPS
ENTERTAIN FRIENDS.

The First Congregational Cadet Corps, commanded by Captain Charles W. Stillwell, gave an entertainment and reception in Maple Hall last night, at which the following program was rendered:

PANIC RISES

CHICAGO, May 18.—A dispatch to the Record-Herald from Osceola, Neb., says:

"During a performance of 'Uncle Tom's Cabin' before a crowded house here last night, several rows of seats collapsed, injuring a number of persons. Three probably are fatally hurt. The most seriously hurt are Mrs. Clyde Hutton, Mrs. Joseph Miller and a young daughter of Dr. Shaw. A panic resulted, but order was soon restored and the injured taken to their homes."

TOWN TOPICS AT

SUDDEN FALL OF BALCONY ON
WHICH EIGHT PERSONS
WERE SEATED.

FALL RIVER, Mass., May 18.—One woman has been killed and two persons severely injured by the collapse of a balcony on the third story of a house on King Philip street. Five others, who were on the veranda at the time, had miraculous escapes from injury or death. The dead woman is Mrs. Vilain Vergignon and the injured are Mrs. Octave Vergignon and Eugene Vergignon.

The party of eight were seated on the veranda when it collapsed without warning. Miss Josephine Croteau succeeded in clinging to a portion of the broken platform, but the other seven were precipitated to the veranda at the second story. The force of the contact broke the rail on this balcony and Mrs. Vergignon, Eugene Vergignon and Alfred Vergignon, the last named aged 7 years of age, rolled over the edge and into the yard thirty feet below. Mrs. Vergignon's skull was fractured and she died while being carried into the house. Eugene Vergignon and Alfred Vergignon were unconscious, but Alfred escaped without any apparent injury. The three who succeeded in holding on to the second veranda had nothing more than slight bruises and Miss Croteau was rescued without injury whatever.

WHERE TO SPEND
YOUR VACATION.

This is the time of the year that people undertake to determine where they will spend their vacation. Thousands of people of Oakland will go to various parts of the State to spend the summer months. Many will take risks in selecting their summer home because they will go to some place of which they have been imperfectly informed. No such mistake however, will be made by those who read the nicely gotten up booklet which is styled "Vacation for 1908." This is published by the California Northwestern Railway which is "The Picturesque Route of California." This booklet of pictures of places along the line showing campers in the enjoyment of outings on river banks, mountain sides, in shady recesses of the forest, in hunting, fishing, bathing, telling on the shore, and in a hundred and one other ways, known only to the people who patronize the resorts on the California Northwestern Railway. Location of hotels, distances from the coast, the cost for accommodations per day per week; per family are all given so that parties seeking rest may know at the time what is within their reach and how much it will cost them.

Copies of "Vacation, 1908" may be obtained gratis at the office of THE TRIBUNE.

CONSULTATION TO DETERMINE
HOW HARRIMAN MUST BE
TREATED.

CHICAGO, May 18.—A dispatch to the Record-Herald from New York says:

"At the home of Edward H. Harriman it was said last night that Mr. Harriman was feeling fairly well. His physicians called four times at the house during the day, and scores of friends inquired after his condition. At a consultation of the attending physicians today it will be decided whether an operation for appendicitis will be necessary."

Further representations of the United States and Japanese ministers, has again pointed out the impossibility of including in the commercial treaties the opening of trade of Manchurian towns as a condition of the Russian opposition. The American minister proposes that China open Mukden, Harbin and a small port at the mouth of the Yalu river.

Mr. J. M. McKim, New York, representative of the Southern cotton mills, who has investigated the trade conditions in Manchuria, reports that American cotton trade was increasing enormously, especially when the Russian government began to export cotton.

Mr. Baldwin says the foreign firm complain bitterly of the difficulty of conducting business under the Russian methods and he believes that unless Russia's absorption of Manchuria is checked the United States will be deprived of a most promising market for cotton with a few years.

SHAMROCK III IS BEST.

TIMES SAYS BOAT HAD FAIR TRIAL AND IS FASTEST OF CHALLENGERS.

LONDON, May 18.—The Times this morning says that with all the disappointments, the Shamrock III has had a fair trial, possibly more exhaustive and certainly more satisfactory in result than any previous challenge; and, assuming that the Shamrock III has been doing as good work as she did against Shamrock II, there is no reason to doubt that the Shamrock III is easily the best boat of the series of challengers. Even should the Shamrock I be discarded as a standard, the challenger still has many commendable features, and her easy traveling when driven hard in smooth water is the best reason to expect good behavior in a sea way.

OAKLAND FIREMEN REPLY TO CHICAGO.

In reply to Fire Chief Mushon of Chicago, who has issued a sweeping challenge to any Fire Department in the world for a test of merit, Foreman Samuel Short of Engine Company No. 1 has accepted the challenge and offers to back his company against any in Chicago or any other city. "I believe that the Oakland firemen are unequalled by any in the world," declared Foreman Short. "We are willing to arrange a match of skill with the Chicago department, provided fair judges can be secured in each city."

MISS REID SURVIVES SURGICAL OPERATION.

NEW YORK, May 18.—Miss Jean Reid, daughter of Whitelaw Reid, convalescing from an operation for appendicitis. Miss Reid is said to be resting easily and her general condition is as good as could be expected. Miss Reid became ill with appendicitis some three weeks ago. She regained her strength in a few weeks and an operation was advised. It was performed on Saturday and was successful. Miss Reid rallied quickly from the anaesthetic.

YACHTSMEN ENJOY A DAY ON THE BAY.

ANNUAL TEN MILE RACE WAS HELD YESTERDAY.

The annual ten-mile "dinner race" of the California Yacht Club was sailed yesterday and won by ex-Commodore Marshall's Thelma quite handsily. Only four boats got across the starting line within the time limit, the others being stuck in the creek. The four boats, the Thelma, Espee, Neried and Idler, were started at 1:15 p. m. and finished in the order named. The course was a windward beat to Blossom Rock buoy and from there to Goat Island shoal buoy, then up the Oakland harbor to the finishing line. A time limit was set of four hours, but all four finished within the limit. The winning boat had a time allowance of three minutes and seventeen seconds and covered the course in 3:46:00.

ENGLISH SAILOR DROWNED IN BAY.

Alfred Craine, steward on the English ship Melrose, which is unloading a cargo on Adams' wharf, was drowned shortly after 1 o'clock yesterday morning while he was walking on the gangplank to his vessel. He had spent the night drinking in the water front saloons and was under the influence of liquor. Night Watchman Louis La Rue saw Craine fall into the water and made an attempt to rescue him, but as the man failed to rise the second time, he was unsuccessful. The ship's crew searched all night with grappling irons and finally recovered the body. Coroner Mehrmann will hold an inquest Tuesday. Deceased was a native of England, aged 31 years.

GOOD WORK OF JOHN D. ISAACS.

John D. Isaacs of Oakland, engineer in the maintenance of way department of the Southern Pacific, designed the plans for the new train shed now being erected at Houston, Texas, for the Houston & Texas Central Railroad, which is one of the lines controlled by the Harriman syndicate. This train shed is the finest thing of its kind between Los Angeles and New Orleans. It is of steel, glass and masonry and will cost \$50,000. Mr. Isaacs is a member of the Oakland School Board.

WOMAN DIES FROM RUSTY NAIL.

Mrs. Catherine Stagnaro died Saturday afternoon as a result of having scratched her hand on a rusty nail about two weeks ago. At the time Mrs. Stagnaro received the wound she did not consider it to be of any consequence, but blood poisoning set in and a physician was summoned. The poison, however, had become fixed in her system and she passed away Saturday at her residence, 1019 Third street. Deceased was 64 years of age.

OAKLAND WON AN EASY VICTORY.

DID NOT HAVE MUCH TROUBLE BESTING SAN FRANCISCO.

The Oakland Golf Club scored an easy victory over the San Francisco Golf Club in the third and final home and home contest which was played on Saturday on the Burlingame Country Club links. The score was 15 up. Both teams put in their best players and it was generally thought that the matches would be close and that the winning team would win by a narrow margin. The one-sided result was quite a surprise.

The win of Saturday gives the Oakland Club the home and home championship as they have won two out of three series. The first was won by San Francisco last fall and the second by the local team last month. Following is the detailed score of the twelve matches:

VOTING FOR THE PYTHIAN QUEEN.

At the present time there are four of Oakland's fair daughters being voted upon for the honor of being queen of the fair and carnival to be given at Idora Park next week by the Idora Company No. 87, Knights of Pythias. They are Misses Cecil West, Frances Tappan, May Hadien and M. Cooper. Ballot boxes have been located at Leitch & Henderson's, 878 Broadway; Taft & Penoyer's, Fourteenth street and Broadway; Abrahamson's, Thirteenth and Washington streets; Kahn Bros., Twelfth and Washington streets; Ben & Nor, 78 Parais street; C. Hadden, West Berkeley; Farrel's candy store, Berkeley. Ballots can be secured at a cent apiece at any of the balloting places. They may also be secured of either M. Rock, 1011 Washington street, or J. E. Henderson, of Eighth street and Broadway.

FARMER DROWNED IN ALAMEDA.

Francisco Martin, a farmer, aged 30 years, who drowned yesterday afternoon at 2:30 o'clock in the bay off Bay Farm Island. Mr. Martin waded into the water to get a floating spar for firewood. When he had gotten out about a quarter of a mile he suddenly disappeared under the water. Some Italian fishermen, who saw him, rowed out in a boat, but could find no trace of him. It is supposed that he was taken with cramps. He leaves a widow and three children. Mrs. Martin has offered a reward for the recovery of her husband's body. Deceased was a member of the Spruce Camp, Woodmen of the World, of Alameda. He was a son-in-law of the late George Anderson and a brother-in-law of John Anderson. He has been farming the Anderson ranch on the island.

CHAMPION JIM IS OAKLAND MADE HE KNOWS HOW TO KNOCK DOWN THE PINS.

HE COMES TO TALK BUSINESS WITH JAMES J. CORBETT.

James J. Jeffries, the champion heavy-weight pugilist of the world, who is matched to fight James J. Corbett in San Francisco in August, arrived in this city Saturday evening from Chicago and this afternoon he is in conference with Corbett and representatives of the Yosemite Club for the purpose of deciding whether they will meet for a guaranteed purse of \$20,000 or for 75 per cent of the gate receipts. At the meeting the two principals will sign articles for the match. Jeffries was met at the Sixteenth street depot by his manager, William Dodanay, and a host of admirers, who escorted him up town. With the champion were Joe Egan, who has been looking after his interests in the East, and Al Smith the bookmaker. The party went to the Metropole where they will stop while in town.

Jeffries' looks and condition give him direct to the many stories which have been circulated regarding his "patience" and reports of his "patience" path. He has a clear eye and a healthy color which is not usually obtained by dissipation. He looks larger and stronger than he did last July when he met Fitzsimmons and carried his 225 pounds well. As usual Jeffries had very little to say of his plans. He has a leaning towards accepting a guaranteed purse but his manager thinks that they will make more money by taking up the per cent proposition, but they made no decision last evening in regard to the matter.

Fitzsimmons did not accompany the champion but will arrive later. He remained in New York to attend to his affairs and before he comes West will have his home closed up and children sent away to school. There is considerable talk of making a match between the Cornishman and Gardner, but it will not probably be consummated until after Jeffries has his fist argument with Corbett. Fitz will be Jeffries' chief trainer and sparring partner.

Kelley and child were visitors in the bay cities. Mrs. B. W. Harris was in Oakland this week. Ed Green, who has been quite sick, is better and is able to be out. Miss Lizette Lester returned home from the bay cities Friday.

STOLE TO FEED THE TWINS.

HAYWARDS, May 18.—The owner of the Gum Tree saloon on B street has at last been caught. The proprietor of the place, Manuel Medeiros, had an electric burglar alarm put in recently, connecting it with the house of William Allen, near by. Mr. Allen was aroused at about two o'clock yesterday morning by the ringing of the alarm bell, and hastened out in his night clothes, just in time to catch John G. Starr, a young Portuguese, running away with a bottle. He was the culprit, but the officers believe they are on the trail of the offenders.

This is the fourth time the saloon has been entered in five weeks, but usually nothing but the slot machines have been molested. Starr is also believed to be the burglar who robbed the slot machines in the Haywards saloon and Enterprise Livery Stable. The officers have all along had in mind who the culprit was, but were never able to catch him in the act. Starr says he stole because he had not the wherewithal to support his twins recently born to his wife.

WHY HE SMILES. James H. Brown, manager of Vincent's Market, who resides at 803 Jefferson street, is the father of a boy. The story visited his home a few days ago.

TOOK FOUR OUT OF THE FIVE GAMES IN THE NORTH.

The following is the official standing of the teams in the Pacific Coast League:

Clubs	W.	L.	P.C.T.
Los Angeles	21	10	.756
Sacramento	27	15	.628
San Francisco	23	21	.523
Oakland	19	25	.435
Seattle	16	24	.400
Portland	11	28	.282

Oakland took four out of the five games played up North with Portland. They won the game yesterday by a score of 5 to 2. There was but one error in the affair—a wild throw by Brick Devereaux.

Thomas, Mike Fisher's pitcher, was put against the Seattle batters yesterday afternoon and opposing him was Cy Young, whom Fisher had loaned to Seattle. The work of Thomas was a surprise. He was hit freely and at times was almost knocked out of the box. On the other hand, the work of Young was good.

Joe Corbett was billed to pitch in the game across the bay yesterday, but at the last moment he found a kink in his \$5000 arm and was excused. Wheeler got spiked and then Joe broke into the game and performed his duties without a slip.

To see Saturday's game in New York, thirty-one thousand people passed through the gates to the ball grounds.

Seattle took their series from Sacramento by winning three out of the five games.

There was a little war on out at Golden Gate yesterday during the morning game. Opinion is divided as to what caused the rumpus, but Shay and Fabst say that Levy gave San Francisco the worst of it and Levy claims that the two players were giving him too much lip. At any rate, Shay and Fabst were forced to leave the grounds before the game was over.

An exciting game of baseball was played at St. Mary's College grounds between the Tribunes and the Spuds which resulted in a victory for the Spuds by the score of 14 to 8.

The twirling for the Tribunes was done by Hopkins, who has established quite a record as an amateur twirler and the defeat of Saturday was due to the fact that the team behind him went to pieces at critical times. The Tribunes have made an enviable record, having won nine out of thirteen games played and have met nearly all of the foremost amateurs in the county.

MORE TROUBLE IN COLOMBIA.

RIVAL CANDIDATES FOR THE PRESIDENCY GET READY TO FIGHT FOR PRIZE.

PANAMA, May 18.—The bad condition of the telegraph wires between Bogota and the coast makes it difficult to verify the report of political events at the capital. It is said on the isthmus, however, that a violently worded article published in a newspaper of Panama, is said to have been inspired by General Gonzalez Valencia, caused the recent resignation of Minister of War Fernandez. President Marroquin is said to have refused to consider General Fernandez' petition to remove General Valencia from the command of the Colombian forces in Santander. Previous to the publication of this newspaper article, Minister of War Fernandez issued a decree considerably reducing the army. This was communicated to General Valencia, who did not obey it. Instead he informed President Marroquin that the revolution in Venezuela made it necessary to keep a strong Colombian army on the frontier and that the decree was not to be considered. It is believed in some quarters, however, that General Valencia saw an opportunity to weaken the influence of Fernandez. Both men are ambitious and Valencia have General's aspirations. They are also jealous of each other and a clash between them was thought to be inevitable. Both have numerous partisans.

By many Colombians, General Rafael Reyes is considered to be the most logical candidate for the presidency. He enjoys great popularity with the army and all political parties.

COUNTY SCHOOL EXAMINATIONS.

The County Board of Education met this morning and spent the forenoon preparing for the examinations to be held, in all the county schools with the exception of those of Alameda, Berkeley and Oakland, of pupils who will endeavor to graduate from the eighth grade at the close of this term. The matter of class-standing has been compiled and pupils will be given credit for the showing they have made during the term. The final markings will be based on the examination and the class-standing during the term, each counting one-half. The examinations will be held on May 18 and June 5th and 8th.

HE KNOWS HOW TO KNOCK DOWN THE PINS.

W. H. Bernhart is the manager of the Oakland Bowling Alleys on Thirteenth street, and one of the leading bowlers of Alameda county. He has been instrumental in raising the game of bowling in Oakland to a high plane and through his efforts Alameda county was included in the San Francisco Association. He has been in charge of the Oakland alleys about fifteen months.

REPUDIATE THE CAPTAIN MARTIN FINDING.

FEDERATION OF LABOR WILL NOT STAND BY DECISION IN GAS STRIKE.

Editor TRIBUNE: Pursuant to the instructions of the Alameda County Federated Trades Council, we have the honor to respectfully invite your co-operation in issuing a joint call for a grand conference of all civic organizations in this county for the following purposes: First—To secure for the school children of this county special rates upon the street cars when going to and returning home from school, (free, if possible). Second—To secure a readjustment of the selling price of the State school books for which we are now paying four times as much as responsible private firms have offered to publish them for these books to be free, if possible. Third—To secure the right of transfer of scholars in our public schools without loss of grade when such change of class shall be deemed necessary by their parents or guardians. Fourth—Such other matters of general public interest as may be considered desirable. Each organization is entitled to three delegates. The committee will meet each Wednesday evening at 8 o'clock p. m., at the hall on the southwest corner of Eighth street and Broadway. You are cordially invited to attend these conferences. Yours fraternally, L. E. Pake, Chairman Committee. WILLIAM M. WILLEY, Secretary.

Approved: P. B. PREBLE, Secretary Alameda County Federated Trades Council. Oakland, Cal., May 14, 1903.

HE WAS ONCE PRESIDENT OF THE OAKLAND GAS COMPANY.

Captain Daniel E. Martin, died this morning at his home, 1223 Harrison street, at the age of 52. He had been in failing health the past two years. In his early days he was a seafaring man, having been the captain of many clipper ships that sailed along the Atlantic coast. The captain came to California in 1845 as the master of a ship. On his arrival he gave up sea life and engaged in various mercantile ventures. Since then he has been known as one of the most prominent business men of this vicinity. He had been connected with the Oakland Gas Company as vice-president and director for twenty-five years. In 1896 he became president of the company, which position he held until 1901, when failing health compelled him to resign. He was also a director of the San Francisco Savings Union for a number of years. Captain Martin was married twice, his first wife dying fifteen years ago. Later he married Mrs. E. Mitchell, who is the only surviving relative.

PERSONAL NOTES ABOUT THE SMART SET.

Announcement of the Engagement
of Robert Mein—Wedding at
Berkeley—The Davis
Golden Wedding.

The friends of Robert Mein, son of Mrs. Thomas Mein, will be surprised to hear of his engagement, which has just been announced. The young lady is Miss Adelaide Deming.

Miss Deming is a sister of Mrs. Harry Corson Clarke and of Mrs. Charles K. Harley of San Francisco, and has been living in New York for the past year, where the wedding will take place in October. Mr. Mein is well known in the business world and in society, especially in Oakland. Mr. Mein lives with his mother at the corner of Jackson and Lake streets.

MARRIED FIFTY YEARS.
Mr. and Mrs. William Wallace Davis celebrated the fiftieth anniversary of their married life yesterday at the Hotel Touraine. The parlors and dining-room of the hotel were effectively decorated with a profusion of flowers, mainly blossoms of golden hue—clash of gold roses, yellow California lupin and calla lily with its pistil of gold.

A family dinner was served from 2 until 4 o'clock, at which twenty-six members of three generations sat down. The Lund mandolin club orchestra rendered several beautiful selections during the meal, and among the number were melodies of southern climes, which brought pleasant recollections to the happy couple, whose home had been in the South many years ago. Another pleasant reminder were the colored attendants, especially one who was formerly the property of the family in slavery times.

At the conclusion of the repast, the family adjourned to the parlors, where, between the hours of four and eight, Mr. and Mrs. Davis received hosts of friends, who extended their sincere and heartfelt congratulations and best wishes for a continuance of the happy years. The orchestra played several choice numbers during the reception, which were much appreciated by all.

The following members of the family were seated at the dinner table: Mr. and Mrs. Hugh B. Rice, Miss Sue Rice, Dr. and Mrs. Charles E. Rice, Miss Helen Sawyer of Los Angeles, and Mrs. William Hardy of Sacramento. Mr. and Mrs. C. Mar Flesher of Crockett, Mr. and Mrs. Matthew Lyle, Miss Helen Lyle, Mrs. S. A. Mercer, Theresa, Eric, Eric Rice, Mr. and Mrs. Gideon Davis, Mr. and Mrs. Charles W. Davis, Masters George and Wallace Davis, Miss Marian Davis.

Mr. and Mrs. W. W. Davis were born in Kentucky. After they were married they located in Illinois, from where, shortly afterward, they came to California, locating in San Francisco. They have resided in many parts of the State and since 34 have made Oakland their home.

They have three children living, namely: Charles W. Edwards and Gideon Davis. Charles W. Davis is in the employ of Sherman, Clay & Co. in this city; Edwards Davis was for several years a clergyman in this city, but has for four years past been traveling with the traveling troupe throughout the East. Gideon Davis has for ten years been engaged in newspaper work in this city, and for four years he has had charge of the Oakland office of the San Francisco Chronicle.

AN ENGAGEMENT.
The engagement of Fred E. Reed and Miss Geon Clark, the former of this city and the latter the grand-daughter of George W. Coulter, the founder of the lively mining town of Coulterville, in Mariposa county, has been announced.

Mr. Reed was a member of the class that graduated from the University of California under the eyes of President Roosevelt last Thursday and was a very popular student. During his time in college he was manager of Daily Californian and the Blue and Gold and was secretary of the Associated Students.

Miss Coulter is a very accomplished and handsome girl. The wedding will take place in October, the exact date not having yet been decided upon.

BERKELEY WEDDING.
One of the most interesting social events which has taken place in Berkeley for sometime, was the marriage on the evening of Thursday, May 14th, of Miss Marjorie E. Eggleston of Oakland, and William H. Girvin, the eldest son of E. A. Girvin, the reporter on the Supreme Court of California, both of the young people being very popular in Berkeley. The event occurred at 1917 Vine street, Berkeley, the residence of Mrs. Mary Eggleston.

The ceremony was rendered more marked because of the fact that the bridegroom, a captain in the University Cadets, had graduated in the morning from the College of Commerce, and received the degree of Bachelor of Science. The principal feature of the occasion was the fact that the ceremony was performed by the father of the bridegroom, who for the past six years has been the pastor of the Church of the Nazarene in Berkeley. The parlor was decorated in green and white, with a profusion of evergreens and flowers. The dining room in blue and gold. There were about thirty guests present, a large proportion of whom were the relatives of the young couple. The bride was beautifully gowned in white with orange blossoms, and the bride was also dressed in white. The ceremony took place in the parlor at eight o'clock, the wedding party entering the room just as the clock struck and the strains of the wedding march rang through the house. Miss Ernestine Puffer playing the piano. A beautiful little altar had been improvised in the south bay window, before which the bride and groom stood during the ceremony. Miss Ruby Eggleston, a cousin of the bride, acted as bridesmaid, and Mr. Percy W. Girvin, a brother of the bridegroom, officiated as groomsmen. Mr. William Eggleston, the bride's brother, gave her away. Shortly after the vows had been taken and the young people made one, Mr. C. A. Westenberg took a flashlight picture of the young couple standing before the altar. Later in the evening refreshments were served. The presents were numerous and beautiful, among them being a piano and two beautiful pictures of scenes in the life of Christ, the latter being the gifts to the bride and groom of their respective classes in the Church of the Nazarene Sunday School. Other relatives present were Mrs. George Eggleston, the mother of the bride, Mr. Charles Benjamin, her brother, and his wife, Mrs. Mary Eggleston, her aunt, Mr. J. V. Eggleston, her cousin, Mrs. E. A. Girvin, the mother of the bride-

groom, Mr. and Mrs. Charles Girvin, his grandparents, Ernest A. Girvin Jr. and Paul S. Girvin, his brothers, and Ethel C. Girvin, his sister. Mr. Geo. Eggleston, the bride's father, lay deceased, was in his lifetime the associate pastor of the Church of the Nazarene in Berkeley. About half past nine o'clock the happy pair entered a carriage amidst showers of rice and good wishes from their friends, and started on their wedding trip to Southern California, whence they will return in two weeks, when they will reside in their new cottage on Henry street, Berkeley, and the groom will enter upon his duties as assistant cashier of the Clapnet Rubber Platination and Investment Company.
